Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

Foreword

Starting primary school is a very important time in a child's life and here in Thurrock Council we appreciate what a worrying time this is for parents. We are determined to make this as straightforward and worry free as we can. The information that follows is designed to help you make informed decisions when you come to make an application for a primary school place.

Our online application facility has proved to be very popular and almost 9 out of 10 applications are now made this way. The advantages are that it is immediate, you will get automatic confirmation your application has been received and it will remove any risk of an application being delayed or lost in the post.

Apply online and you will, from 12.30am on the 16 April 2019, be able to check online which school place has been allocated. This is nearly two days earlier than offers in response to paper applications are likely to arrive.

Thurrock has a wide range of primary schools and each is unique just as individual children are different. It is important that you consider

all aspects of school life which are important to you and your child, and that you also consider how likely it is that your child will be offered a place at one of your preferred schools.

Many primary schools are very popular, with a large number of applications each year. Each school has a set number of places and oversubscription or admissions criteria are used to decide who will be offered places. Whatever your school preferences, I hope you find the process of getting there as smooth as possible.

I would like to take this opportunity to wish your child an enjoyable and fruitful time at primary school and every success for the future.

Please go online at thurrock.gov.uk/admissions and follow the instructions on screen.

Rory Patterson
Corporate Director of Children's Services

Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

Who is this brochure for?

If you have a child who was born between 1 September 2014 and 31 August 2015, you must apply for a school place for September 2019. Even if you do not want your child to start full time schooling until reaching statutory school age in the term following their fifth birthday you should apply now and defer admission.

Alternatively, if your child was born between 1 September 2011 and 31 August 2012 and is starting year 2 at an infant school in September 2018, you must apply for a school place at a Junior school for September 2019 (Infant to Junior transfer) if your child is currently attending an infant school outside Thurrock.

When do I need to apply?

You need to get your application to us by the closing date of 15 January 2019. You can apply from Thursday 1 November 2018.

In order to maximise your chances of being offered one of your preferred schools you are strongly advised to get your application in on time.

How do I apply?

The easiest way to apply is online. Go to thurrock.gov.uk/admissions and follow the instructions on screen. If you do not have internet access at home you can still apply online at your local library or at the council offices in Grays. Once you have a 'My Account'

you will be able to complete an application, review, amend and submit it online. You will also get an automatic confirmation that your application has been received.

Once you have submitted your application online, if you make any changes e.g. change preference order, **you must re-submit the application.**

If you change your email address you must notify the Admissions Team at school.admissions@thurrock.gov.uk

Which schools should I apply to?

In Thurrock there are community and voluntary controlled schools, for which the council is the admission authority, as well as schools that are their own admission authority. These can be either voluntary aided, or foundation in which case the governing body of the school determines the admissions arrangements, or academies, including free schools, in which case the academy trust is the admission authority.

The law gives you the right to state a preference for the school that you want your child to attend rather than to be given your choice. This is because there will be times when there are more applications than places. When this happens, oversubscription criteria (often called admission criteria) are used to determine priority for admission. As many schools

are oversubscribed it is important that you consider as many schools as possible when you are thinking about which schools to apply for.

Our advice is that you should not base your decisions solely on reputation or what other people say about a school or schools. We recommend that you make up your own mind.

Schools are usually happy to welcome visitors by arrangement and to show you around and answer questions. When thinking about which schools to apply for, it is very important that you take into account each school's oversubscription criteria. These describe how offers of places are determined, and who gets priority when a school is oversubscribed.

The number of preferences that you can make on your application is limited, and we recommend that you include in your list of preferences

schools for which you are most likely to be successful. You should also try to attend one of the briefings by Thurrock Council designed to help you through the application process. These will include sessions where you will be able to put questions to our admissions staff about how the process works.

The two briefing sessions for parents will be on:

Thursday 11 October 2018 at the Civic Hall, Blackshots Lane, Grays, Essex RM16 2JU.
First session begins at 4.00pm – 5.30pm and the second session begins at 7.00pm – 8.30pm.

Please be aware that a number of Thurrock schools are becoming academies and that, therefore, the listed status of these schools in the table in the second half of this booklet is subject to change.

Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

How do I complete the application?

We recommend you apply online at thurrock.gov.uk/admissions

Each local authority has its own application form whether it is electronic or a paper copy. You must complete the application for the local authority in which you live, regardless of which schools you are applying for. If you are a Thurrock resident and want to apply for schools outside Thurrock you must do so on the Thurrock application.

It is important that the application is fully and accurately completed. If there are omissions or inaccuracies your application may be adversely affected.

Child's address

The child's home address, or address where they live for the majority of the time

(their principal address) must be given on the application. This must not be a business, a relative's or child minder's address. The address will usually be the address of the parent/s or carer/s.

If the parents do not live together, it should be the address of the parent with whom the child spends the majority of the time and who receives Child Benefit for the child, if this is paid. You will be required to provide proof of address. We will require you to provide your council tax reference number which can be cross referenced with the address you give.

If you move after completing the application or change your email address, you must inform us so that correspondence continues to reach you. A change of address may affect your offer of a place at the school of your choice. As a starting point, applications will

only be discussed with the person/people named on the application.

Parent/carer details

The person applying on behalf of the child will normally be the person with Parental Responsibility for the child as defined by the Children Act 1989 and amended by the Adoption and Children Act 2002.

Reasons for preference

There is space on the application for you to give reasons for naming a school as a preference and this will be shared with the relevant school. Whilst admission authorities will take this into consideration, this alone would not normally give priority for a place. If you wish to apply under a special criterion, you **must** ensure that you comply with the requirements for providing supporting evidence.

Your preferences

You are invited to name up to four preferences. You must name the schools in the order that you prefer them, with your most preferred school named first. All preferences are given equal weight and schools will not know your order of preference on your application. You do not gain any advantage if you only name one or two preferences, or if you name the same school more than once. Whilst the local authority has a responsibility to make a place available for your child, it does not necessarily have to be at one of your named preferences, nor at your nearest school. If you meet the oversubscription criteria for more than one school you will be offered the one that is higher on your list of preferences.

Children in public care

Children in public care and all children previously looked after will automatically be given first priority over other categories where priority is claimed on the application and validated by the relevant local authority. Looked after and previously looked after children will be considered to be:

Children who are registered as being in the care of a local authority or provided with accommodation by a local authority in accordance with Section 22 of the Children Act 1989(a), e.g. fostered or

living in a children's home, at the time an application for a school is made; and

Children who have previously been in the care of a local authority or provided with accommodation by a local authority in accordance with Section 22 of the Children Act 1989(a) and who have left that care through adoption, a child arrangements order (in accordance with Section 8 of the Children Act 1989 and as amended by the Children and Families Act 2014) or special guardianship order (in accordance with Section 14A of the Children Act 1989).

Siblings

For most schools in Thurrock that give priority to siblings, sibling is defined as brother or sister, half brother or sister, adopted brother or sister, step brother or sister or the child of the parent/carer's partner who is living as part of the same family unit at the same address, long-term foster siblings living at the same address Monday to Friday at the date of application and admission.

However the definition might be different in the case of some schools. If your child will have a sibling at one of your preferred schools in September 2019, it is important that you include the sibling's details on the application to ensure that, if it applies, sibling priority is given. You should not name

any child who is not a sibling, nor any child who attends a different school to the school named as a preference.

Submitting your application

Please do not submit more than one application. If you apply online, please **do not** send a paper application form as well. **If you submit more than one application for the same child, we will consider only the most recent one received before the closing date.**

Supporting evidence

Please ensure that you comply with schools' requirements for supporting evidence and supplementary forms. Failure to do so may adversely affect your application. If you apply online and want to submit supporting evidence you will need to send paper copies to the admissions team by the deadline for applications. Supplementary forms must be returned direct to the school by 15 January 2019 which is the closing date for applications.

Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

Oversubscription criteria - community and voluntary controlled schools

When there are fewer applications for places in a particular school than the published admission number for that school, all legitimate applications will be met with the offer of a place there.

Where there are more applicants than places, the following oversubscription criteria (admission criteria) will be used for deciding which applications have priority. These criteria are set out below in the order in which they are applied.

1 **Looked after children and previously looked after children**

Children in public care and all children previously looked after will automatically be given first priority over other categories where priority is claimed on the application and validated by the relevant local authority. Looked after and previously looked after children will be considered to be:

Children who are registered as being in the care of a local authority or provided with accommodation by a local authority in accordance with Section 22 of the Children Act 1989(a), e.g. fostered or living in a children's home, at the time an application for a school is made; and

children who have previously been in the care of a local authority or provided with accommodation by a local authority in accordance

with Section 22 of the Children Act 1989(a) and who have left that care through adoption, a child arrangements order (in accordance with Section 8 of the Children Act 1989 and as amended by the Children and Families Act 2014) or special guardianship order (in accordance with Section 14A of the Children Act 1989).

Applications under this criterion can only be considered if supporting documents, in the form of a copy of the adoption order, residence order or special guardianship order, together with a letter from the local authority that states (s)he was looked after immediately prior to the order being made, is submitted with your application.

2 **Special reasons**

Priority for admission may be given where there are exceptional social, medical or educational reasons for admission to a particular school. These reasons must be supported by evidence from a relevant professional (e.g. a doctor or a social worker) and must be submitted with the application for admission. The purpose of this criterion is to give priority to pupils with a specific need that can be met specifically at one school rather than another. The threshold for a successful application under this criterion is high and such cases are likely

to be rare since all schools are able to offer support and facilities for a wide range of needs.

3 **Catchment area siblings**

Children whose normal place of residence is in the catchment area of the school at the closing date for applications, and who will have a sibling at the school at the point of admission, in distance order with those living closer having higher priority.

4 **Catchment area children**

Children whose normal place of residence is in the catchment area at the closing date for applications in distance order with those living closer having higher priority.

5 **Non-catchment area siblings**

Children whose normal place of residence is outside the catchment area of the school at the closing date for applications and who will have a sibling at the school at the point of admission in distance order with those living closer having higher priority.

6 **Non-catchment area children**

Children whose normal place of residence is outside the catchment area at the closing date for applications in distance order with those living closer having higher priority.

Further information about admission criteria - community and voluntary controlled schools

Distance

The distance measurement used is the shortest straight line distance from home to school. For most schools the straight line distance measurement is taken from the front door of the home address to the main school gate.

Addresses within the same apartment block will be regarded as a tie and resolved using the tie breaker.

Siblings

For the purpose of allocating places siblings will be defined as

- Full siblings living at the same address
- Step siblings living at the same address
- Half siblings living at the same address
- Long-term foster siblings living at the same address at the date of application and admission

Children attending a school nursery class

Admission to or attendance at a school nursery class does not guarantee or give any

priority, for admission to the main part of a primary or infant school.

Multiple births

When there are not enough places remaining in a particular criterion to allow all children from a multiple birth to be admitted within the published admission number, the local authority will admit the others as excepted pupils in the terms of the infant class size legislation so as to allow all children from that multiple birth to attend the same school.

Tie breaker

In circumstances where more than one child is entitled to the same place the place will be offered using the random allocation system (a lottery). This process will be administered by the school admissions service and supervised by an independent witness.

Other offers

Applications that are not met with an offer of a preferred school will receive an offer at their catchment school (if applicable) if places are still

available after all allocations have been made to on-time applicants. If places are not available at their catchment school (if applicable) after allocations they will be offered the next nearest school with spaces measured by shortest walking route from your home address to the school.

Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

Oversubscription criteria - foundation schools, voluntary aided schools and academies, including free schools.

Foundation schools, voluntary aided schools and academies

The admission authority for a foundation school or a voluntary aided school is the governing body and for an academy or free school it is the academy trust. Details of these schools oversubscription criteria are available from the schools and their associated websites. Please use the links on pages 16 and 17.

Children with statements of special educational need (SEN) or an Education, Health and Care plan (EHC)

All children with a statement of special educational needs (SEN) or education, health and care plan (EHC) that names a particular school in the statement or plan must be admitted to that school.

Equality Act

An admission authority must ensure that their admission arrangements

do not discriminate on the grounds of disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, or sexual orientation against a person in the arrangements and decisions it makes as to who is offered admission as a pupil.

How will we use your information?

We will use your information to provide the service requested. We may share your personal data between our services and with partner organisations, such as government bodies and the police. We will do so when it is of benefit to you, or required by law, or to prevent or detect fraud. To find out more, go to thurrock.gov.uk/privacy. Get free internet access at libraries and community hubs or at the Civic Offices, Grays.

Fraud

Where there is evidence to suggest that a fraudulent

attempt has been made to secure a school place there will be an investigation. The local authority, as the co-ordinating body, reserves the right to seek evidence from parents, council records, primary schools or any other source deemed appropriate.

Any application found to have been made using false information may be withdrawn by the relevant admission authority and may be subject to legal proceedings. If an application is found to be fraudulent after places are offered, the place offered may be withdrawn in which case a new application will have to be made at a time when the availability of places is likely to be extremely limited.

Appeals

All admission appeals must be heard by an independent appeal panel in accordance with the School Admission Appeals Code.

Appeals for community and voluntary controlled schools are arranged by Thurrock Council.

Appeals for foundation schools, voluntary aided schools, academies and free schools are the responsibility of the governing body or academy trust.

If you are refused admission to a particular school you will receive further information about how to appeal. Please note that you can only appeal for a school for which you have made an application and been refused.

Deadlines for the hearing of appeals

These are:

- a) for applications made in the normal admissions round, within 40 school days of the deadline for lodging appeals
- b) for late applications, within 40 school days from the deadline for lodging appeals or within 30 school days of the appeal being lodged

Frequently asked questions

How are places allocated?

Places are offered strictly according to the priority afforded to each application by the oversubscription criteria set out in this information booklet or in schools own information where Thurrock Council is not the admission authority.

Schools that are their own admission authority have access to lists of applicants ranked by the council as co-ordinating body. These lists are ranked using the school's published oversubscription criteria but the final decision on each application rests with the school and not the council.

When will I hear?

As an online applicant you will receive confirmation that your application has been submitted. Paper applications will not be acknowledged unless accompanied by a stamped addressed envelope.

As an online applicant you can log in to your account any time from 12.30am on 16 April 2019 to view your offer. An email will also be sent to you on the morning of 16 April 2019.

If you apply on paper, your offer letter will be posted second class on 16 April 2019.

Can I apply for schools outside Thurrock?

Yes. You need to include any school outside Thurrock that you wish to apply for on your application. We will arrange for your details to be passed on so that your application can be considered. You will need to ensure that you also complete any supplementary forms required by schools and return them directly to the school by the closing date for applications.

Will my application be treated differently if I apply online?

No. Applications submitted online will be treated in exactly the same way as paper applications.

Will I get offered a school of my choice?

The law gives you the right to state a preference for the school or schools that you want your child to attend rather than offering choice. This is because there will be times when there are more applicants than places and not all preferences can be met.

Do I automatically get offered a place at my nearest school?

No. Different schools offer to different distances in different years. This variation is due

to the pattern and number of applications from year to year. This means that some people will live outside the catchment for their nearest school and their most realistic options will be further away. Parents are advised to apply to schools other than just the one nearest to them.

What happens if my child is not offered one of our preferences?

If you are not offered one of your preferences, you will be offered another school place. The offer will be made at your catchment school (if applicable) if places are still available after all allocations have been made to on-time applicants. If places are not available at your catchment school (if applicable) after allocations you will be offered the next nearest school with spaces measured by shortest walking route from your home address to the school.

Are my preferences confidential?

Yes. Your preferences are confidential and will not be shared with schools before admission decisions are made. However, details of any out of borough preferences you put on the application will normally be shared with the relevant local authority. If you appeal against the refusal of admission to a school, your application and, therefore,

your preferences will normally be made available to the independent appeals panel that hears your case.

We live in Thurrock and pay our council tax to Thurrock. Do we have the right to have a place at a Thurrock school?

A local authority has a responsibility to provide school places for children residing in its area, but may do so outside its area.

Can we stop giving places in Thurrock to children not resident in Thurrock?

No. There is a legal ruling (known as the Greenwich Judgement) which effectively states that a local authority cannot give priority for school places in its area to children living within its boundaries.

My next door neighbour got a place at the school last year, will I?

Not necessarily. The distance that each school allocates out to varies each year according to the volume and spread of applications.

Will a child who lives further away from the school be given a place ahead of me?

This can happen. A child may be offered a place on a higher criterion giving him or her priority, such as an older brother or sister at the school.

What should I do if I feel my child must go to a school because of special reasons?

The first thing to do is to check to see whether the admission criteria for the school include a special reasons category. If they do, you must make sure that you comply with any requirements for supplying supporting evidence. The admission authority will make an informed decision as to whether the school you want is the only one which your child can go to for the reasons given. It may seek further professional advice on the evidence you provide in support of your application. You will need to submit these reasons together with the supporting evidence at the time of application in order for them to be considered.

Are places reserved for children moving into the area?

No. It is unlawful to reserve places for children moving in. Additionally, we would be unable to predict the number needed and it would be unfair to those parents who are already living in the area.

What if my child is from overseas?

All children of compulsory school age (5 to 16 years) in the UK have a right of access to education. However, where the child is in the UK for a short period only, it

may be reasonable to refuse admission to a school.

Children who hold full British Citizen passports (not British Dependent Territories or British Overseas passports) and have a passport endorsed to show a right of abode in the UK or are European Economic Area nationals, normally have unrestricted entry to the UK.

An application for a school place will be accepted for such children even though they may not be resident in the UK at the time of application. The application may however be processed on the basis of the overseas address.

Other children from overseas do not generally have automatic right of entry to the UK. An application for a school place will not be accepted, therefore, until they are resident in the UK. Proof of entry to the UK will be required before an application is processed.

How many places are reserved for successful appeals?

None. An independent appeal panel is empowered to direct the admission authority to make an additional place available for a successful applicant.

Information for parents applying for a primary school place

Apply online at thurrock.gov.uk/admissions

What if I am offered a place that I do not want?

You have the right to reject any place offered. However, if you reject an offer it will then become your responsibility to secure a place at an alternative school. Our advice would be to accept an offer you receive until such time as you get a preferred alternative. At that time you can then reject the earlier offer. Accepting an offer does not prejudice your waiting list position or appeals for any higher preference schools.

Starting school

Primary schools in Thurrock have a single intake into reception. All children whose date of birth falls between 1 September 2014 and 31 August 2015 will be eligible to apply for a full time place in reception at a Thurrock school for September 2019.

Local authorities (LA) and schools must provide for the admission of all children in the September following their fourth birthday. However a child does not have to attend school until he/she reaches "statutory school age", that is, until the beginning of the term after they turn five years old.

If a parent/carer feels that their child is not ready to start school in the September after they turn four they can either request that their child

attends part time until they reach statutory school age or, request that the date their child is admitted to school is deferred until later in the same academic year, but not beyond the start of the summer term of the academic year for which a place has been offered.

In addition, parents of **summer born children*** (those born between 1 April and 31 August) can request for their child to be admitted to reception a year later, that is outside their chronological year group, thereby starting school only once they reach statutory school age. This does not apply to children born in the autumn and spring terms and these children must, by law, be in school full time in the term after they turn five years old (Further information is provided below).

** The current legislation that applies to options for Summer Born Children is currently subject to a review by central government. Any changes will be reflected in the admission arrangements accordingly.*

The admission of children outside of their chronological year group

Applicants may wish to seek a place outside their child's chronological year group, either starting school later than their peers, or earlier.

Decisions about this are taken by the LA in conjunction with the head teacher of the preferred school. They are made on the basis of the circumstances of each case and what is in the best interests of the child concerned.

Applicants applying for their child to start later than other children in their chronological age group, must apply for a school place in accordance with the deadlines that apply for their child's chronological age. If, in liaison with the head teacher, the local authority agrees for the child to start school the following year, the parent/carer is invited to apply the following year. It is not possible to obtain and then defer a place till the following year.

Applicants applying for their child to start earlier than other children in their chronological age group must initially apply for a school place at the same time that other families are applying for that cohort. If, in liaison with the head teacher, the local authority agrees that the child may begin school early, the application will be processed. If it is not agreed that the child starts the application will be cancelled by the LA, and the applicant will be invited to apply again in the following year for the correct cohort.

Applicants must state clearly why they feel admission to a different year group is in the child's best interest and provide what evidence they have to support this.

Will my child be on the waiting list and how do these work?

If you are offered a place which is not your first preference, or if no offer is made, you will be automatically placed on the waiting list for higher preference schools for which your child is eligible.

Waiting lists are drawn up by using the oversubscription criteria to rank applications. Priority cannot be given to children based on the date their application was received

or their name was added to the list. If you are not offered a place and you also wish your child's name to go on the waiting list for a school that you did not originally apply for, you should contact our admissions service. If you were not offered a place at an out of borough school and you wish to go on the waiting list you will need to contact the relevant local authority to find out how to put your child's name on the list.

If I accept a place at a school that was not one of my preferences, will it affect my waiting list positions for other schools or any appeal I make?

No. Accepting an alternative place does not prejudice your child's position on a waiting

list for a higher preference school or any appeals you might lodge. However, any preference that is ranked lower on your application form will be withdrawn as part of the coordinated process.

What about transport to and from school?

Limited help may be available with home to school transport. For further information please contact Awards and Benefits on **01375 652511** or email **Awards@thurrock.gov.uk**
