Medication in School

If your child will require medication during the school day please bring the medication to the school office and complete a yellow form.

This form authorises the school to administer medication and provides essential information about how and when it should be given. All medication **MUST** be submitted to the school office in this way so that appropriate arrangements can be made.

All medicine, cream, tablets e.t.c. must be in their original packaging. This is for health and safety reasons.

PLEASE NOTE:

CLUBS END THIS FRIDAY 3RD JULY 2015

[There will be one extra session of **Gymnastics (Reception/KS1)** running Friday 10th July 2015 due to a previous session being cancelled]

House Colours

As the end of term approaches the children will be taking part in final competitions between their houses.
Please ensure your child has a top in their house colour in school.

Helping children to get better and better at everything they do

For Year 6 moving to Year 7 this year...

29th June 2015

Dear Parent(s) / Carer(s),

I am writing to advise parents/carers of all children in Year 6 that, with effect of 1st April 2015, Uniform Grants will no longer be available from the Local Authority.

If you feel you require financial support, please contact the school your child attends to see if they are able to offer any assistance.

Yours faithfully

Janet Clark
Strategic Lead, Educational Specialist and Libraries Unit

...remember you are able to ask your new secondary school about support for buying uniform.

The Health Spot: Summer Safety

STAY SAFE IN THE SUN

- Stay out of the sun during the hottest parts of the day, particularly 11am – 3pm.
- If you have to go out when it is hot, make sure you apply sunscreen, wear a sun hat and move into the shade where possible.
- Drink plenty of water/cold drinks, but avoid drinks containing caffeine.
- Spraying water onto your skin or placing a damp cloth on the back of your neck will help you keep cool.
- In hot weather, keep an eye on people who are elderly, ill or very young. Make sure they are able to keep cool.

WATER SAFETY

Don't swim in rivers, lakes or quarries – it can be extremely dangerous. Every year in the UK young people are seriously injured or die as a result of swimming in open waters.

Hidden dangers

- There may be hidden currents.
- It will be very cold.
- It can be difficult to get out (steep slimy banks).
- There may be hidden rubbish, e.g shopping trolleys, broken glass.
- It is very difficult to estimate depth.
- The water may be polluted and make you ill.
- There are no lifeguards.
