

Admissions to Primary School 2024 - Parent Information Briefing Sessions

Admissions to Primary School 2024 - Parent Information Briefing for children who were born between **1 September 2019** and **31 August 2020**.

You are being invited to attend one of three briefing sessions for parents which will be held on Thursday 26 October 2023 via webinar.

These online briefing sessions are designed to help parents/carers through the school admissions application process for Reception 2024 intake. For many parents this will be their first experience of school admissions. The sessions will include a presentation breaking down all the key areas of the admissions process, and there will also be an opportunity for you to ask our admissions staff any questions you may have about how the process works.

The information sessions are important because the application window for next September's primary school intake is about to open, from **Wednesday 1 November 2023**.

The strict deadline for parents to make their school application is **Monday, 15 January 2024**. This crucial deadline applies to parents and carers of children who were born between **1 September 2019** and **31 August 2020**.

Please use the links below to register for any of the sessions:
