Dear Parents,

This will be my last update to you of the first half term. It has certainly been a challenge, but one that staff, pupils and parents have risen to. At the time of writing this we have not had any positive cases in the school, but this doesn't mean that we should become complacent. It is really important that we continue to implement measures that help us to be covid-safe.

A couple of parents have written to me as they are concerned that parents aren't social distancing when lining up at the beginning and end of the day. Please can I ask that we all try to do this. It would certainly help at drop-off, if all Key Stage 2 children come into school unaccompanied. They are very safe as there are adults on all gates, and it would help to reduce the amount of 'traffic' on the school grounds.

Thank you to everyone who has signed the petition regarding changing Tamar Drive into a one-way street. Please continue to share the link below, as we need more signatures before we present it to the local council.

Please sign and share the petition and help us to make our school safer!

I wish you all a happy and safe half term and look forward to seeing many of you on the gate (perhaps in a wooly hat) in the new term!

How democratic is the United Kingdom? Is there anything we should do to make it more democratic?

Year 5, Key Stage 2

Pupil: Hanna
 School: Kenningtons Primary Academy, Thurrock
 Supervised by: E. Amoateng
 Tutor University: University of Warwick
 Course Title: Power to the people?

Tutor comment:

H. was very determined in class to further her understanding of democracy and how it works in the UK. Her hard work paid off in the final assignment as she engaged extensively with relevant secondary sources to define UK's democracy and also compare certain aspects of UK's democracy with democracies in some other countries. In particular, H.'s critique of UK's voting age and the House of Lords is highly pertinent as more and more young people across the country continue to demand for greater democratic participation and accountability. I really enjoyed reading H.'s work as she meticulously used insights from class discussions and the guidelines in the course handbook to write an excellent essay.
