

English

In English this half-term, the children will be learning to write instructions to make a Happiness and a Kindness Potion. The children will be learning to use Time Conjunctions and Bossy Verbs. After that we will be learning to write our own version of The Gingerbread Man story. We will be describing the Gingerbread Man and then we will be changing the characters. We look forward to the children using their imaginative ideas! As their phonics knowledge develops we are sure that they will be writing with confidence!

Suggestions of ways you can support your child's English: Please encourage your child to practice writing simple sentences; forming letters correctly and using the correct punctuation and finger spaces. Punctuation for Year 1 is a full stop, a question mark and an exclamation mark. Please also encourage your child to re-read what they have written to check it makes sense.

Science

Our Science topic for this half-term is **Animals Including Humans**. We will be learning about humans and our body parts and what they do. We will also be learning about our five senses and what they can do!

Sight, Hearing, Smell, Taste and Touch

We will also be continuing our Seasonal Changes lessons by learning about the season of winter and what this means to animals and humans.

PE: 1M Tuesday and Friday 1J Wednesday and Friday

Water Bottles: Please ensure that your child brings sufficient water for the whole school day. If this is a shop bought bottle, please ensure that this is clearly labelled with your child's name.

Merits: All merits will be awarded on a Friday for behaviour, reading and homework. Please encourage your child to bring in their reading records everyday so any other merits can be given.

Homework: Is on Google Classroom every week. Please encourage your child to complete this so they can receive their merits.

Trips and Experiences SAVE THE DATE!

Local Walk: Monday 20th
November

Church Visit: TBC

Great Fire of London Day in
school: Monday 22nd January
2024

Florence Nightingale Museum:
1J Tuesday 26th March 2024
1M Wednesday 27th March 2024

Maths

In Maths this half-term, the children will be continuing their work on addition within 10. They will be adding numbers using objects, pictures and mental strategies. We will then move on to subtracting numbers within 10 using objects, pictures and mental strategies. We will be finding the difference between amounts and use our knowledge to solve problems. We will learn more about fact families using addition and subtraction. Embedding children's understanding in Year One will help them with their future learning.

Suggestions of ways you can support your child's Maths: Please use lots of practical resources and real life examples of Maths at home to cement your child's understanding. By the end of Year One the children need to be able to count to 100 and back and to write these numbers as digits. They need to be able to write in words numbers 1-20.

Topic

Our Topic for this half-term is **Houses and Homes**. We will be looking at the features of our local area and houses in our local area. We will be learning about what houses were like in the past and we will use chronology to order these. To finish the topic we will investigate traditional homes around the world.

Spellings for this half-term are on Google Classroom, please encourage your child to practise these.
